Brion,

I want to extend my congratulations to you and your team for your nomination and selection as both an Operations and Enterprise Finalist for the 2017 Lean Achievement Award.

Your team has demonstrated an understanding and successful application of Lean tools resulting in positive business impact and high levels of employee engagement, once again reminding us what can be accomplished when we focus on continuous improvement.

Kelly Ortberg, CEO and President, and Paul Nye, Vice President, Enterprise Quality and Lean, will recognize the four finalists and announce the award recipient at the Lean Achievement Award Ceremony on May 16th. Various rewards will be distributed to the teams as a token of our appreciation for your efforts.

Thank you for a job well done.

Sincerely,

Bruce King
