Dear Brion,

I want to extend my appreciation for your contribution to the Advanced Product Quality Planning Rollout Lean Event.

This effort directly improved both of our FY14 Commercial Systems "What It Takes To Win" Lean focus areas; Improve Customer Satisfaction & Operating Margin Expansion.

Your efforts and accomplishments are a great example of what needs to be done to keep Rockwell Collins competitive, healthy and a growing organization we can be proud of.

Please accept this gift card as a token of our appreciation for your efforts. Thank you for a job well done.

Sincerely,
